

Curie

Technical Data

- ↕ Height ————— 2000 mm
- ↔ Width ————— 1500 mm
- ↗ Length ————— 2508 mm
- Turntable Height — 75 mm
- ⚖ Weight ————— 285 kg
- ⚡ Power supply ——— 230 VAC
- 🔌 Power consumption — 0,75/1 Kw

Compact. Efficient. Simply smart.

Curie is the perfect blend of essential design and reliable performance, created to offer **maximum efficiency** in a compact footprint. Its rack-and-pinion carriage system, inverter-controlled turntable, and intuitive control board make **Curie** an **ideal partner** for businesses seeking reliability without unnecessary complexity. Thanks to its **2000mm** mast and advanced features, Curie is built to meet daily packaging challenges with ease and precision.

Curie COMPACT. EFFICIENT. SIMPLY SMART.

Main Specifications

- Max pallet height: **2000 mm**
- Max load: **1200 kg**
- Electromagnetic brake
- Photocell detection
- Safety stop
- Dual belt lifting
- 6 working cycles
- All shortcuts PCB

Main options

- Power pre-stretch
- **2500 mm wrapping height**
- Photocell for dark loads
- Open t-shape turntable

Rack-and-pinion carriage system

High performance PPS carriage

All shortcuts electronic board
